CONOVER BROS. & BEHNING PIANOS.

The stride which the Comover Brothers' of plane is making in the favor of the public as some of the surprises to masterians. They can understand this so giroftons an instrument should take the lead, but that in the face of such long standing prejudices in favor of other instruments, it should leap at a bound into the highest place in the public favor is the thing that surprises. That it has done so, however, is the fact. This plane, which is represented here by Mesars. Tacgart & Chamberlain, has taken the same position in Unia that it has as sumed classwhere. At their warehouse, fider. Third South, they carry a large stock of these planes, which all interested are conditive invited to visit and examine. For sweetness of tone, clasticity of touch, volume and excellence of workmanship and adaptability to wear, it is unsurpassed, which the price will be found to compare with others where the workmanship and finish are of medium grade.
